Dear Ms. Quam, I know that you spoke with Rob Rosa, ZBA Chair, last Friday but I wanted to get back to you and let you know that the work being performed on site is part of the set up for the pump test for the 3 potential onsite wells. The next scheduled hearing for ShingelMill is Tuesday, June 6, at 6:30 p.m. and will be held via Zoom. The Agenda will be posted on the Town's website once it has been finalized. Also, please check the Current Projects section of the website as I will be adding documents prior to the hearing. Please reach out whenever I can be of assistance. Thank you. Debra

Dear Ms. Quam:

Thank you for your note. I'm unaware of what's happening in the pictures you sent. It's possible that it's equipment related to some sort of geotechnical, environmental or wetlands monitoring. I'm cc'ing the Town's Zoning Board of Appeals, which is the entity reviewing their permit at the local level, as they may have more information.

Sorry I couldn't be more helpful.

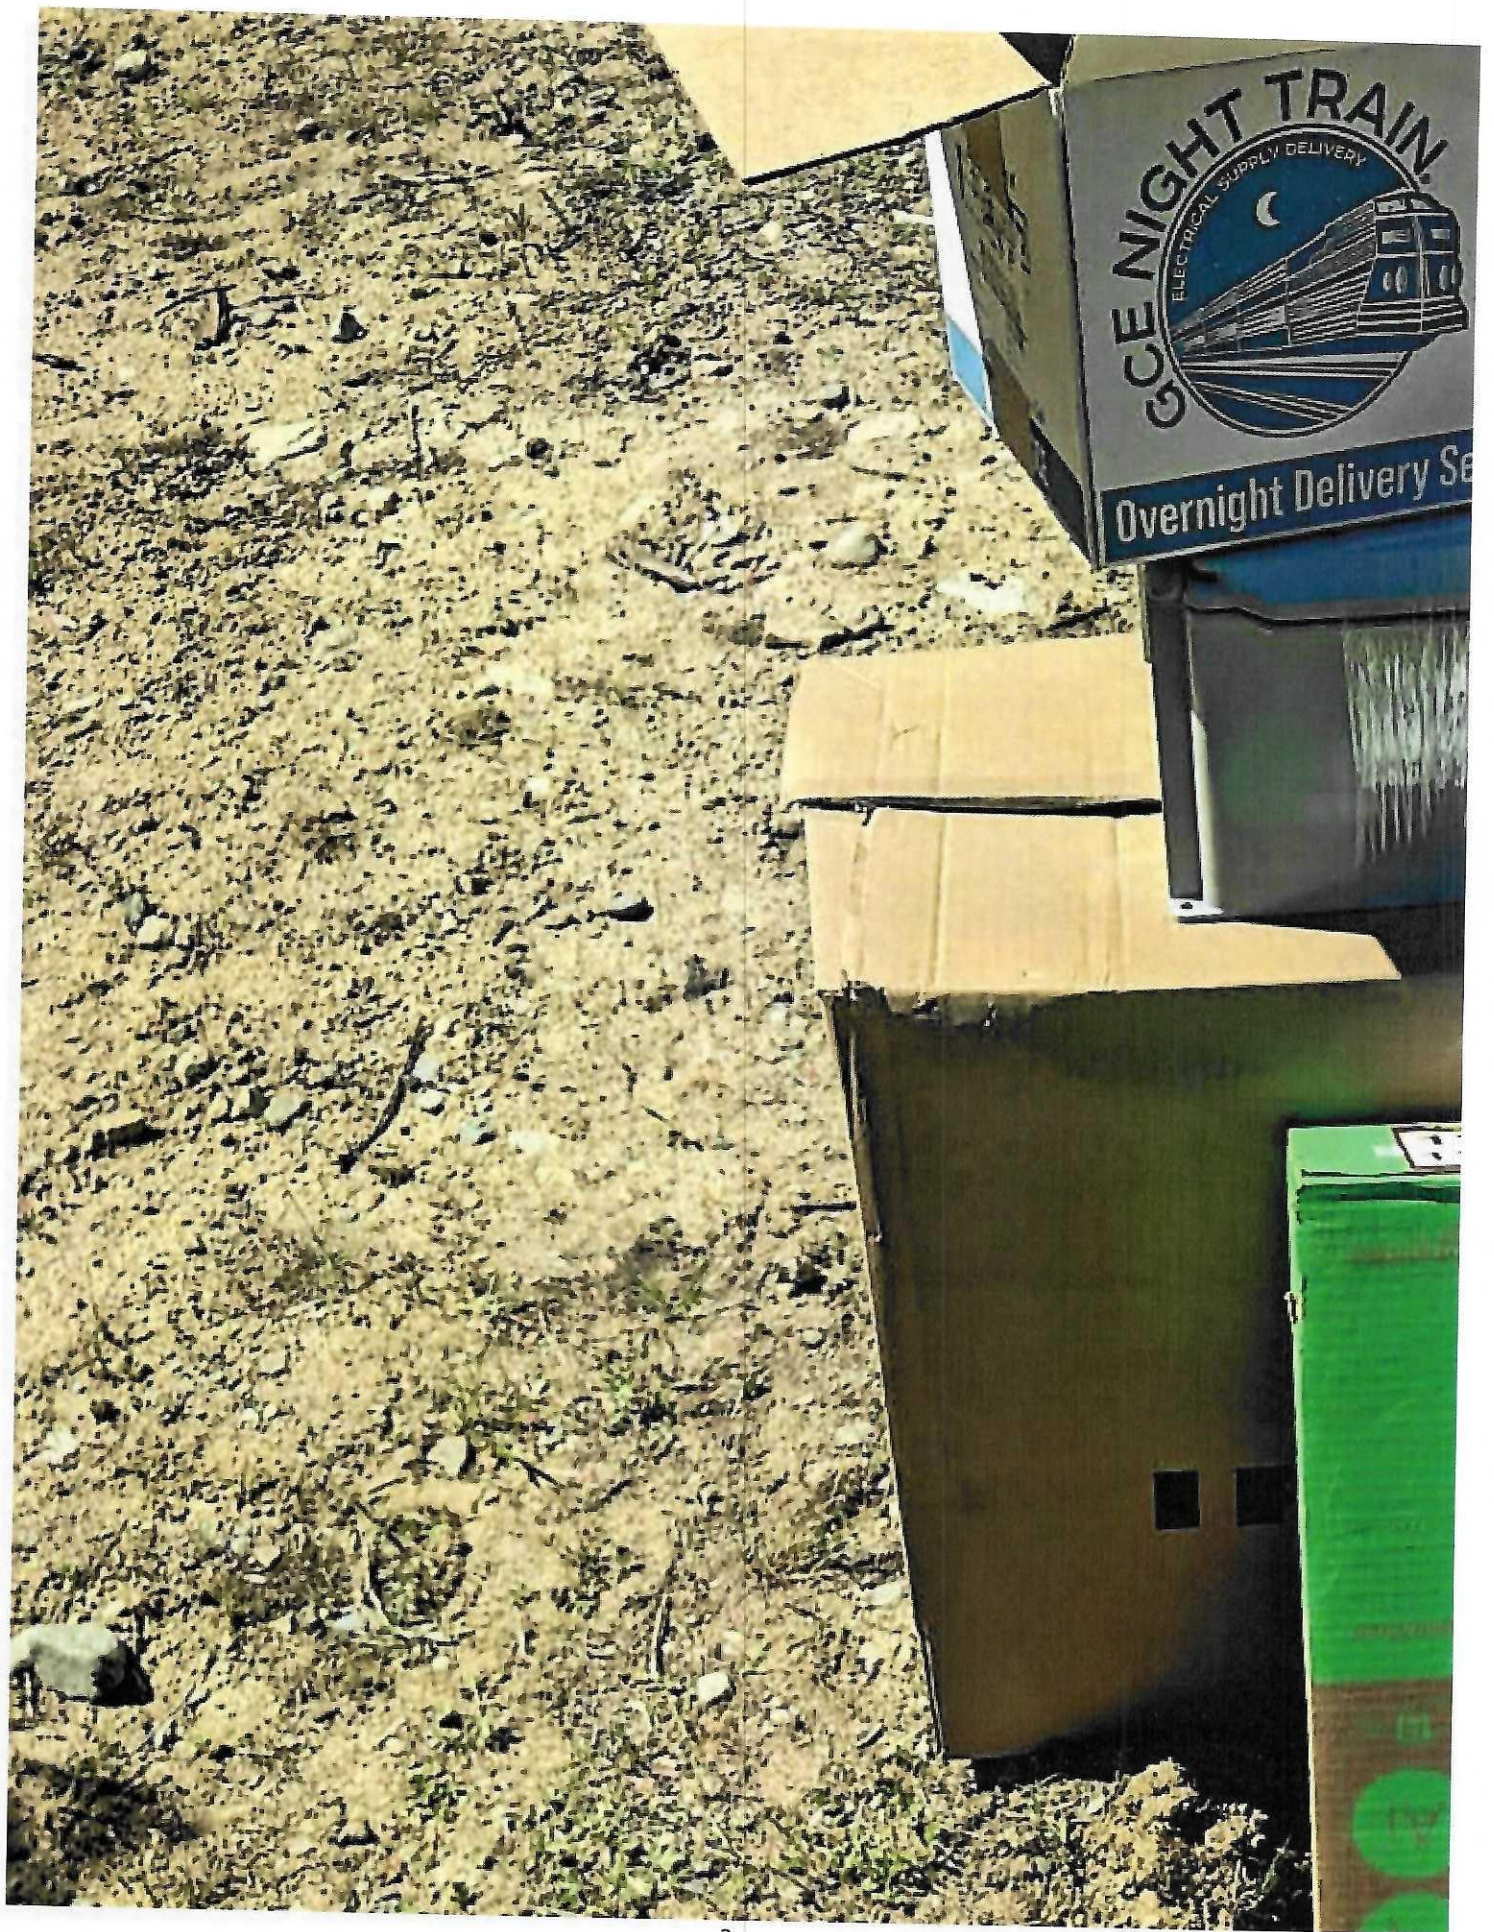

Sincerely,

Douglas Lapp

Dear Mr.Lapp

My name is Kim Quam. I am an abutter to the Shingle Mill property. I see people working on the property today. I was wondering if there was a meeting I missed that gave them permission to do any work. These pictures might explain to you what is going on.

Thank you

Kim Quam
